## ORANGE AND BLUE DEFEATS No Issue of Orange and Blue Next Week ORANGE AND PURPLE

**Auburn Scored Eight Points Over Last Year—Old Fashioned Mass Meeting Held—Surprising Work of "Braves."**

Drake Field, Oct., 17.—In one of the best football games ever played on Drake Field the Auburn Tigers rung up their fourth victory of the season by defeating Clemson 28 to 0. The weather was ideal for football and the enthusiasm and spirit displayed by the students was all that could be asked for.

The Orange and Blue lads played with more spirit and determination than they have shown thus far this season; the forwards at times got in their old time punch and drive, while the backs repeatedly ripped up the line and circled the ends for good gains.

The Clemson team seemed to lack real pep and did not get their plays off snappily but at times they played a hard gritty game.

### AUBURN PLAYERS.

To pick the stars for Auburn is rather difficult, but of those standing out most prominently were: Bidez, Kearly, Robinson, Pitts, Louisell and Hart. The line bucking of Bidez was terrific and his 40-yard run to a touch down in the third quarter was a feature. "Bull" Kearly pulled off two beautiful runs of 25 and 15 yards on the double pass play. His tackling and covering of punts was great as was that of Captain Robinson. Willie Louisell, as usual booted the pigskin well into the Clemsonites' territory, his punts ranging from 40 to 60 yards.

### CLEMSON PLAYERS.

Webb, James, Major and Jones played in the stellar roles for the Purple and White. The punting, line bucking, and all round playing of Webb was good and Major proved to be a good ground gainer. The work of the Clemson ends was good.

### GAME IN DETAIL.

First Quarter.—Clemson kicked off 25 yards to Hairston, who returned ball 5 yards. Harris made one, four, and then one yard through the line. Louisell kicked 45 yards to Webb who was downed in his tracks. Clemson attempted punt which was blocked by Auburn, Taylor secured ball and made first touch down. Louisell kicked goal. Schilleter kicked off 50 yards to Robinson who returned ball 15 yards. Harris failed to gain over tackle. He made 5 yards over right tackle. Hart made first down around left end. Harris crashed through center for 8 yards, then over left tackle for first down. He gained 4 yards over guard. Hart made 7 yards over left tackle, then 3 yards. Harris went one yard over right tackle. Hart failed to gain around left end. Hairston circled right end for 5 yards. Forward pass Hairston to Robinson incompleted.

Ball went over to Clemson on downs. James gained one yard around right end. Clemson tried end run for no gain. Webb punted 15 yards to Steed. Hairston circled right end for 10 yards. Hart gained 3 yards around left end. Harris plowed through left tackle for 4 yards. He made 2 yards over center. Bidez went in. He took ball 2 yards over left tackle. He failed to gain around left end.

Second Quarter.—Auburn's ball on Clemson's 10 yard line. Bidez gained 3 yards over left tackle. He

### MASS MEETING.

For the first time this year the Auburn spirit was made truly manifest at the mass meeting held in Langdon Hall last Thursday night. Gus Graydon presided and made some very fitting remarks in regard to the spirit displayed this year. Lovelace, manager of last year's team spoke a few words in which he pointed out that the spirit shown thus far had not been up to the usual standard and urged that the student body attend the practices and lend their aid to the team by some old time Auburn rooting.

Prof. Thomas made a short encouraging talk and also assisted the cheer leader in singing and yelling.

Tom Bragg did not make a "speech" but simply a "talk" in which he pointed out that in order to win the championship this year the team must have the individual support of every student individually and collectively. He stated that every game from now on would be a hard one and that the team could not win on its past reputation and that in order to get the best out of the team we must let them know that we are behind them all the time. After practicing the yells and songs, everyone came away feeling better for having attended the meeting. Let's keep this up and let every man in college attend all future mass meetings.

### The World's Series.

The contest for the World's Series baseball championship is now history, after a series of the most exciting and hotly contested games ever played before. The results of the games were unique in that this was the first time in a world's series championship that but four games were required to settle the title and we doff our caps to George Stallings and his hefty Braves for accomplishing this feat the first time.

The record of the Braves was wonderful in many respects. Occupying the cellar position until the middle of July they began a spurt and were never headed until they reached the top of the ladder in the race for the national league championship, and overcame the hitherto unbeatable Giants of John McGraw's. They then proceeded to trounce Connie Mack's Athletics in four straight games, thereby establishing a new record and one which will probably stand for sometime.

Let every Auburn man remember that the success of the Boston team in winning the national league gonfalon was due in a large degree to the work of "Red" Smith, the former Orange and Blue star.

### Phi Kappa Phi.

The executive committee of the Auburn Chapter of Phi Kappa Phi are at work drawing up a constitution and by-laws for the local chapter. They will hold a meeting for the adoption on Saturday night in the Reading Room of the library. Following the adoption of the by-laws the seniors eligible to membership will be determined.

### With the Pigskin in Southern Colleges

Last Saturday again furnished a series of surprises and general upsetting of Southern football dope but the greatest of all was the defeat of Tech at the hands of Alabama by the score of 13 to 0. The consensus of opinion was that the Heisman Crew would win easily by several touchdowns and for such a reversal of the dope great credit is due Coach Graves and his plucky warriors. Only once during the game did Tech threaten to score. The use of the forward pass was very successful by Alabama. Joplin at quarter, Vandergraff, and Harsh starred for Alabama, the punting of Vandergraff being especially noticeable. The result of this game has put a crimp in the Yellowjacket's hopes of winning the Southern title and will make the rest of Alabama's opponents consider her with more respect.

The dope was also given a severe shock when the University of North Carolina defeated Georgia 41 to 6. While it was known that the Tarheels were strong it was expected that Georgia would make a better showing. The "Tarheels" appear to have a great team and the work of Captain Taylor at half, and that of Tandy at center is said to be of all Southern calibre. Captain Paddock and Logan did the best work for Georgia in Saturday's game, the former being the only consistent ground gainer for the Red and Black. The "Tarheels" expect to make Vanderbilt and Virginia extend themselves to the limit in their coming games with these teams.

Tennessee continued her winning streak by overwhelming Louisville College by the score of 65 to 0. The work of Cameron stood out brilliantly for Tennessee in this game.

With due apologies to the Orange and White we wish to correct a statement made in this column two weeks ago, which was due to an oversight on our part when we failed to state that the Volunteers scored on Vandy last year as did Auburn and Sewanee.

Another huge surprise was the defeat of Louisiana State by Mississippi University, the score being 21 to 0. Robbins for "Ole Miss" featured by running the entire distance of the field to a touchdown. From the score it is believed that the L. S. U. bunch is not as strong as usual, the reverse being true of "Ole Miss."

At Lexington, Ky., Miss. A. and M. were humbled by Kentucky State to the tune of 19 to 13. While little was known of the strength of the Kentuckians it was generally believed that the Maroon and White would be returned the victors. Next Saturday they stack up against our own Orange and Blue in what promises to be a hard fought game.

The results of this game will be watched with much interest as it will have an important bearing on the Southern championship.

Sewanee easily defeated Chattanooga University 46 to 3. Tolley again was the shining light for the Purple boys, his open field running being spectacular. Dobbins and Scott also did great work for the Tigers on the defensive. Captain Dexheimer for the 'Noogans featured with a goal kicked from placement.

Virginia handed a stinging defeat

### FALL DANCES

#### Auburn's Social Season Ushered in by Gala Week-End.

There are two periods in the working part of our year which are always looked forward to and long remembered as the most pleasant of the year. These are the October dances and the February dances. Of course we have commencement, but that is at the end of the year and filled with many other pleasures. Coming during the autumn, these brilliant social functions, soft and pretty evenings, the soft music and whirl of the dance serve to give us a brief relaxation from the daily routine. Such were the dances of last Friday and Saturday. The girls,—fairest of our fair southland—were here, from Alabama and adjoining states and there are few men in college who did not

### HONOR COMMITTEE INSTALLED

Impressive ceremonies attended the installation of the Honor Committee at a mass meeting which was held in Langdon Hall Thursday morning. President Thach presided and presented the commission to each member of the Honor Committee.

J. R. Lester, as Post-Graduate representative read over and explained the by-laws of the Honor System, followed by the following who made addresses on the System:

P. E. Engle, representing the Orange and Blue; Dr. J. F. Messick, professor of mathematics, representing the Faculty; Coach M. J. Donahue, spokesman of the new students at Auburn. Support of the honor system and co-operation in its administration was pledged by the President of each class, as follows: D. D. Gibson, Senior Class; W. M. Billing, Junior Class; T. W. Blanchard, Sophomore Class; R. L. Trimble, Freshman Class. The following constitute the Honor Committee: J. R. Lester, Georgia, Graduate Class; C. B. Hawkins, Senior Class; Glen Liddell, Junior Class; Ray House, Sophomore Class; W. S. Black, Freshman Class.

Each man constituting the committee was pledged by Dr. Thach who presented to the man a certificate indicating his official duty.

### AUBURN TO MEET N. C. A. & M. IN DEBATE

Some weeks ago a challenge was received by the Literary Societies from North Carolina A. and M. College for an Inter-Collegiate debate. It was recently decided to accept the challenge and on Friday night a tryout for the team that will go up against the "Tar Heels" was held. J. R. Campbell and L. A. Wilkinson were selected in the tryout to represent Auburn in the contest. A very creditable showing was made in the tryout, when the fact that the boys only had 24 hours notice, was taken into consideration.

The time for holding the debate and the subject for debate has not been decided upon as yet. However, Auburn will have the opportunity of choosing her own subject, but North Carolina may choose the side she will debate.

### Philosophy.

Live for the love of living.

Waste not a single breath,  
And when life crowns its giving  
Die for the love of death.

Drink to the fullest measure

The vessel of Life you hold,  
Sorrow and pain and pleasure  
Poison and liquid gold.

Falter not in the quaffing,

Drink deep, for the hours pass;  
And when 'tis finished, laughing,  
Set down the empty glass.

—L. A. W., '17.

### A Rat's Day Dream.

In college years, when life's at spring,

The old love seems a little thing  
And heads are turned by the college whirl.  
And the Rat then seeks a college girl.

When college ways to you seem queer

And olden love so soon grows dreer

Think of this, then with a sigh,  
Cursed be the new love nigh.

For a college life is a thing apart  
And a college love is a whim of heart

And the heart beats true, tho' the world seems slow  
When you love the girl you used to know.

Off with the old love on with the new

But often the newer one won't do,  
The sweetest rose is the old rose pressed  
And I sometimes think that the old love's best.

—C. M. F., '15.

### Auburn Corps Formation

The formation for the Auburn battalions this year will be as follows:  
Regimental Staff.

Capt. J. M. Oliver—Quarter Master.

Capt. F. L. Tucker—Adjutant.

Capt. A. P. Turner—Commissary.

AUBURN, ALA., OCTOBER 22, 1914

For the past five years Auburn has had an Honor System. This system, as every one knows, has been growing stronger and stronger each year as it has grown older. However, it has not attained its highest point of perfection or efficiency. We will never reach this point until we all pull together, as was pointed out at our installation Thursday morning. There is no necessity of inaugurating a systematic series of spying adventures but the fact remains that when a man is discovered in the act of cribbing he should be reported by the discoverer. It doesn't exempt the detector if the cribber is his best friend, and no man whose friendship is worth having would expect a man to look over, or condone the offense on personal grounds. When this attitude comes into play we have reached our highest point of efficiency and perfection. Until that point has been reached we have room for improvement. Therefore the days of the development depend on the real manhood of our student body.

Without a strain of heroism life is poor and mean. Cowardice is fatal to nobility. Those who want life without paying for it not only fail to get it but do not know what they are losing; that is the penalty of cowardice. By work life becomes an achievement, by surmounting obstacles and facing dangers men and women become the masters of themselves; by self-denial and glad acceptance, by greeting the "Unseen with a cheer," they make the great acceptance and become worthy of God's great gift to his children—The Outlook.

Auburn has always held a prominent and enviable position in Southern Football circles. In other athletic quarters she has made herself known. Along other Inter-collegiate lines Auburn has recently become known in Stock judging. Our departmental work has also now recognition. However, will Auburn pride rest content with her activities so poorly recorded. Recently from North Carolina A. and M. has come a challenge for Auburn to put on the rostrum a team to meet her team in an inter-collegiate debate. In order to make this possible a necessary expense will be incurred. As this will necessarily be a college affair it should not be narrowed down to the realms of two literary societies. However, the men representing Auburn should come from these societies,

since it is they who have had the necessary training.

To make this a college affair it should have the support of every Auburn student, so that the funds required to cover the expenses of meeting these "Tar Heel" contestants may be subscribed. The amount of money required will not be a large one and if it is divided over the entire student body it wouldn't mean more than a soda-water or a dope. Consequently, when you are called upon, do your duty to yourself and Auburn's pride willingly and merrily, but by no means grudgingly.

For a number of years this institution has boasted, or to be more correct, has been burdened with an Engineering Society, whose main object has been to help fill out the honor lists of the Senior classmen. With due apologies, we say that this is what it appears to have been. Other departments have had and continue to have good live societies representing their departmental work. Are the Engineering men less interested in their courses than the men in the other departments? Is Engineering work and its department less important than the work of the other departments? As Engineering students we would hate to acknowledge either of the above questions. Yet, it is self-evident that something is "Rotten in Denmark" and it is up to the Engineering men to get together in a good live branch of men and to get on its feet a real live Engineering Society which will carry on and represent all the branches in the Engineering department as other departments are represented. One way to do this is to attend all meetings and take an active part in its work. Don't let some imaginary occupation take up the time that the Society should have. There is no man so busy that he cannot afford at least one hour every other week to a discussion on some Engineering subject.

There is a Biblical verse which goes, "When I was a child, I spake as a child, I acted as a child; but when I became a man, I put away childish things." Among the category of childish things can be included tattling on your fellow student. We might add that tattling is even more despicable than childishness.

Auburn cheering took on a healthy color Saturday and we were glad to hear it. Don't let the good work die fellows.

First to thine own self be true  
And it shall follow, as the night the day,  
Thou canst not then be false to any man.

It costs nothing to be a gentleman.

"Culpepper" desires that the manufacturers of towels would please make them large enough for him to stand upon. This will help the buy a bale movement.

Uniforms are again in vogue, some whole, some patched and many torn, however, as they are, we will see them now everyday for the next eight months.

Auburn rats are far too well educated in freshness.

It is a hard thing to decide this year, whether "Colonel" should be congratulated or his razor-backs.

"Come Clean."

Do you write home every week? If you don't, it is a good habit to cultivate.

There is plenty of time between now and the "Vandy" game for the cheer leaders to get in some good hard strokes. We need good rooting and then some more. There is no place better fitted for practice than Drake field. Not every man can be a football player, but he can help to make a football player play.

There is no time like the present for doing the work in hand.

## THE OBSERVER

(By Overstreet)

### To Our Visiting Lady.

You came to me, a vision fair  
As ever mortal dared behold,  
I looked upon your golden hair  
Which shon in mellow autumn light  
As sun-rift cloud of gleaming gold  
Your presence lifted me that night,  
Above the realm of earthly things.

How soon the happy days were sped  
The hours which gave me you,  
flew by

And though my vision now is fled,  
I seem to hear your voice so true  
Which calls above the worldly cry;  
I see again your eyes of blue  
The bluest 'neath this southern sky.

It sometimes happens that a cog in the wheel of journalism slips and as a result the system gets a jolt. Such was the case when the particular cog in this organization responsible for the observations of this column, so far slipped as to forget any material things relating to publication, and drifted off into an admiring trance in the presence of those of the fair sex visiting our little city. This should be an adequate excuse for any lack of observations on other subjects. The ladies were with us for three days and believe us we certainly did hate to see them leave Sunday afternoon. (Which state of mind may account for the poetic spasm appearing just under the heading). Some of our young heart-breakers are observed with far-away looks in their eyes which would seem to denote that some other may receive that "daily" which used to go back so regularly to Decatur and Montgomery.

The spirit at the Clemson game approached the old time Auburn spirit, yet there were a few fellows rather high up in the bleachers who were so interested in themselves or someone else that they were not able to assist with the yells. This kind of spirit is not the proper kind. You can watch the game and yell at the same time. And during the time that there is no organized cheering, open up with a few spontaneous outbreaks, not necessarily while either team is calling signals, but in intervals when the ball is in play. There will be organized practice each afternoon this week to get ready for the coming games. Be out. The Mississippi game is going to be a hard one and our team needs encouragement.

### Some Definitions for an Auburn Sap-Sucker

A man who borrows the Junior Physics problems and never works out his own.

A fellow who gets you to tell him the story of one of the required English books, after you put in good time reading it.

A senior who smokes on the street and yet sticks an underclass man for doing the same thing.

A fellow who gets stuck for the violation of a college rule and then attempts to crawl out of his punishment.

A fellow who keeps warm until bed time by another man's fire, and doesn't help to pay the coal bill.

Any fellow who swipes your rain coat down town on a rainy day.

A fellow who borrows money and doesn't pay it back.

Any fellow who puts another fellow in bad with the ladies.

A man who loafs up-town during football practice.

Any fellow who starts a tale or tales on another fellow.

### The "Footlights."

The work of trying out for the various parts in David Garrick was continued at the last meeting of "The Footlights." The competitive tryouts for the individual parts will be taken up in detail at the meeting on Thursday night.

Are the Engineering men less interested in their courses than the men in the other departments? Is Engineering work and its department less important than the work of the other departments? As Engineering students we would hate to acknowledge either of the above questions. Yet, it is self-evident that something is "Rotten in Denmark" and it is up to the Engineering men to get together in a good live branch of men and to get on its feet a real live Engineering Society which will carry on and represent all the branches in the Engineering department as other departments are represented. One way to do this is to attend all meetings and take an active part in its work. Don't let some imaginary occupation take up the time that the Society should have. There is no man so busy that he cannot afford at least one hour every other week to a discussion on some Engineering subject.

There is a Biblical verse which goes, "When I was a child, I spake as a child, I acted as a child; but when I became a man, I put away childish things." Among the category of childish things can be included tattling on your fellow student. We might add that tattling is even more despicable than childishness.

Auburn cheering took on a healthy color Saturday and we sure were glad to hear it. Don't let the good work die fellows.

First to thine own self be true  
And it shall follow, as the night the day,  
Thou canst not then be false to any man.

It costs nothing to be a gentleman.

"Culpepper" desires that the manufacturers of towels would please make them large enough for him to stand upon. This will help the buy a bale movement.

Uniforms are again in vogue, some whole, some patched and many torn, however, as they are, we will see them now everyday for the next eight months.

Auburn rats are far too well educated in freshness.

It is a hard thing to decide this year, whether "Colonel" should be congratulated or his razor-backs.

"Come Clean."

Do you write home every week? If you don't, it is a good habit to cultivate.

There is plenty of time between now and the "Vandy" game for the cheer leaders to get in some good hard strokes. We need good rooting and then some more. There is no place better fitted for practice than Drake field. Not every man can be a football player, but he can help to make a football player play.

There is no time like the present for doing the work in hand.

## THE OBSERVER

(By Overstreet)

### To Our Visiting Lady.

You came to me, a vision fair  
As ever mortal dared behold,  
I looked upon your golden hair  
Which shon in mellow autumn light

As sun-rift cloud of gleaming gold  
Your presence lifted me that night,  
Above the realm of earthly things.

How soon the happy days were sped  
The hours which gave me you,  
flew by

And though my vision now is fled,  
I seem to hear your voice so true  
Which calls above the worldly cry;  
I see again your eyes of blue  
The bluest 'neath this southern sky.

It sometimes happens that a cog in the wheel of journalism slips and as a result the system gets a jolt. Such was the case when the particular cog in this organization responsible for the observations of this column, so far slipped as to forget any material things relating to publication, and drifted off into an admiring trance in the presence of those of the fair sex visiting our little city. This should be an adequate excuse for any lack of observations on other subjects. The ladies were with us for three days and believe us we certainly did hate to see them leave Sunday afternoon. (Which state of mind may account for the poetic spasm appearing just under the heading). Some of our young heart-breakers are observed with far-away looks in their eyes which would seem to denote that some other may receive that "daily" which used to go back so regularly to Decatur and Montgomery.

The spirit at the Clemson game approached the old time Auburn spirit, yet there were a few fellows rather high up in the bleachers who were so interested in themselves or someone else that they were not able to assist with the yells. This kind of spirit is not the proper kind. You can watch the game and yell at the same time. And during the time that there is no organized cheering, open up with a few spontaneous outbreaks, not necessarily while either team is calling signals, but in intervals when the ball is in play. There will be organized practice each afternoon this week to get ready for the coming games. Be out. The Mississippi game is going to be a hard one and our team needs encouragement.

### Some Definitions for an Auburn Sap-Sucker

A man who borrows the Junior Physics problems and never works out his own.

A fellow who gets you to tell him the story of one of the required English books, after you put in good time reading it.

A senior who smokes on the street and yet sticks an underclass man for doing the same thing.

A fellow who gets stuck for the violation of a college rule and then attempts to crawl out of his punishment.

A fellow who keeps warm until bed time by another man's fire, and doesn't help to pay the coal bill.

Any fellow who swipes your rain coat down town on a rainy day.

A fellow who borrows money and doesn't pay it back.

Any fellow who puts another fellow in bad with the ladies.

A man who loafs up-town during football practice.

Any fellow who starts a tale or tales on another fellow.

### The "Footlights."

The work of trying out for the various parts in David Garrick was continued at the last meeting of "The Footlights." The competitive tryouts for the individual parts will be taken up in detail at the meeting on Thursday night.

to the University of South Carolina by the score of 49 to 7. Washington and Lee humbled Georgetown 13 to 0, thereby strengthening her hold on the South Atlantic title for this season.

Other games of importance in the East were Yale-Notredame, Princeton-Lafayette, Pittsburg-Carlisle, in which the first named teams won by the scores of 28 to 0, 16 to 0, and 10 to 3 respectively.

### Civil Engineers Organize

Last week the members of the Junior and Senior classes in Civil Engineering met and organized themselves into an Auburn Civil Engineers Club. It was decided to meet every Wednesday night.

The officers who were elected are as follows: President, C. A. Donehoo; first vice-president, O. F. Young; second vice-president, J. G. Woodall; Secretary, G. A. Patterson; Treasurer, Prof. Stewart Tichenor. The officers elected will also be an executive committee. They are busily engaged at present drawing up a constitution which will be submitted at the meeting on Wednesday night.

### Agricultural Club

The meeting Friday night was well attended. Too few upper classmen were there. The juniors and sophs let the club know, this year that they are in college and many freshmen are interested. In the opinion of the judges the affirmative failed to produce the evidence that; "The Government Should Own and Control all Means of Transportation in the United States."

The program for next Friday night, at 7 o'clock is: Resolved, That the land owned by one family should be limited to 160 acres. Affirmative Burns and Lewis; Negative, Davis and Crosby. Why I am taking the "Ag" course.—C. M. Blumenfeldt.

## COLLEGE NOTES

### Engineering.

Prof. M. Thomas Fullan, head of the Department of Machine Design and Drawing, and a member of the Joint Committee on Physics of the National Educational Association, has been chosen as the first speaker on the program of the Science Division at the meeting of the National Educational Association which will be held in San Francisco next summer. The topic assigned is the "Correlation of Physics and Manual Training." Professor Fullan has been selected to collaborate with Dr. Hedrick in preparing a bulletin on "Teaching of Physics," to be issued by the Department of Education at Washington.

The Extension Department of the University of Wisconsin has requested copies of the bulletin on "Home-made Playground Apparatus", which has been mailed out from Auburn to Alabama teachers by Professor Fullan. The Wisconsin authorities will distribute this bulletin to the teachers in that state.

Dr. P. P. Claxton, United States Commissioner of Education, has requested Professor Fullan to collaborate with Dr. Dressler in preparing a bulletin on "School Grounds and Games," to be issued by the National Department of Education. Professor Fullan's part of the bulletin will relate to playground apparatus which can be made at low cost by any school.

### Agricultural

Prof. G. S. Templeton spent part of the week in Mobile examining some of the experimental work that is being done in that section with poultry.

The Department of Animal Husbandry is planning to do some testing work on cows at Midway, Ala., during the coming week.

Prof. E. S. Girton will judge the live stock exhibit at Clanton, the latter part of the month.

Twenty-eight seniors, juniors, and second year special men attended the Montgomery State Fair at Montgomery during the past week. They were under the direction of Prof. G. S. Templeton.

Dr. W. E. Hinds attended the Montgomery Fair on Friday. He states that Agricultural exhibits the best that he has ever seen in the State of Alabama. He incidentally discovered the boll weevil on cotton fields directly outside of the fair grounds.

The following Station officers are on the program to speak before the Farmers Cooperative Demonstration Institute to be held in Greenville, Oct. 28 and 29: Prof. J. F. Duggar, Dr. C. A. Cary, Mr. J. C. Ford, Prof. L. N. Duncan, Miss Reese and Dr. W. E. Hinds. These persons will present the work of their various departments.

Profs. Cauthen and Girton judged the fair at Alexander City last week and report a "fair" fair.

Mr. Negley of the dairy division has recently brought home a "better half". They are now living at the hotel but wish to reside in Auburn.

### Websterian Society.

The Websterian Literary Society held a short meeting Saturday night to elect speakers for the Thanksgiving debate. The subject of the "try-out" was, "Resolved that Municipalities should be governed by Commissioners." Those participating in this contest were: E. M. Manning, A. C. Duggar, H. V. Withers, and A. E. Hayes. Manning and Hayes were elected to represent the Websterians.

Program for Websterian Saturday night Oct. 24th. Resolved, that all elective and appointive officials should be subject to recall? Affirmative, F. B. White, F. McLemore, negative, J. E. Thanson and C. Ritten. The Theory of Argumentation, E. C. Leach.

Websterian Society will meet at 7 p. m. instead of 7:30 p. m.

#### Fall Dances

(Continued from Page 1.)  
feel as if some loss had been visited upon them as train after train pulled out Sunday, with the fair ones aboard. Many old Auburn men were in town for the occasion.

No dance can be said to have outshone another. All were delightful and worthy of the highest praise.

#### ALPHA TAU OMEGA-KAPPA ALPHA.

Eighty-three Friday evening began the opening dance in Smith Hall, led by Mr. W. T. Davidson and Miss Mallie Moughan, and Mr. Yetta Samford and Miss Irvine Browder. The dancing of the many couples was a delight to the onlookers as well as to those dancing. Dame Terpsichore and Vernon Castle may well be proud of their disciples on this occasion.

#### THENDARA CLUB.

The Kappa Alpha Hall was the scene of a brilliant morning affair Saturday when the Thendara Club entertained with the Semi-annual dance. Only the soft glow of lights was needed to make this dance as brilliant as the preceding.

#### PHI DELTA THETA.

A most delightful informal dance after the game on Saturday afternoon, at the Phi Delta Theta House. The beautiful hall was appropriately decorated and lighted for the occasion and two very pleasant

hours were spent in informal dancing.

#### SIGMA NU-SIGMA PHI EPSILON.

Fitting the place of closing dance the brilliant function of Saturday evening was thoroughly enjoyed by all present. From the opening dance led by Mr. Gray Carter and Miss Irvine Browder and Mr. Frank Hart and Miss Sarah Evans, until the strains of "Home Sweet Home" ended, the occasion was one of unsurpassed gaiety.
